

TECHBACHELOR 777

Affordable, High-Quality Web Development & Hosting Solutions

1. WEB DEVELOPMENT PRICING

SERVICE TYPE	INCLUDES & FEATURES	STARTING PRICE
Static Website Fast & Affordable	• High-performance responsive UI design • Ideal for portfolios, landing pages & small business cards • Mobile, tablet & desktop optimization	₹2,500
Dynamic Website Full Backend Support	• Base development charge for dynamic architecture • Backend environment setup & user management • Interactive features, contact forms & CMS setup	₹3,500*

2. ADDITIONAL CUSTOM FEATURES & ENHANCEMENTS

- **Database (DB) Setup:** Charges based on data structure & scale
- **Mobile App / Multi-Page App (MAB):** Scope-based custom quote
- **AI Integration:** Chatbots, AI smart features (custom quote)
- **Dynamic Extensions:** APIs, payments, custom dashboards

3. HOSTING & DOMAIN DEPLOYMENT

HOSTING OPTION	DETAILS & KEY DIFFERENCES	SETUP CHARGE
Firebase Hosting Free Hosting Tier	• Ideal for zero-recurring monthly/yearly hosting fees • Uses default subdomain (e.g., <i>yourbrand.web.app</i>) • High speed, free SSL certificate & global CDN	₹200
Custom Domain Hosting Professional Branding	• Full setup & linking to custom domain (e.g., <i>yourbrand.com</i>) • Custom DNS routing, SSL security setup & server configuration • Gives your business a completely professional identity	₹500*

🔑 Key Pricing Notes:

- **Firebase Free Hosting vs. Paid Domain:** Firebase free hosting gives free storage with a *.web.app* subdomain at a one-time setup fee of ₹200 (no hosting server costs). Custom Domain hosting deployment costs ₹500 for service setup.
- **Domain Name Purchase:** Domain registration (e.g., *.com*, *.in*, *.org*) is charged separately at actual registrar prices based on availability (typically ₹600 - ₹1,200/year).

• **Custom Requirements:** Dynamic backend, database scale, AI tools, and specialized integrations are estimated based on client requirements.
